HIGH SCHOOL VOLUNTEER PROGRAM

PLANNING FUN!

Children staying at Holcombe House need to have some fun this summer! Just like everyone else, our child patients and their siblings want to have fun, meet friends, and enjoy a spending time close to their families.

Fun Club is a fun way for teens to teach, play, and support child patients and siblings living at the Ronald McDonald House!

SUMMER 2020

The care, fun, and enthusiasm shown by teen facilitators is a valuable gift to our families with a child receiving medical care in the Texas Medical Center.

Teen Volunteers ages 16 and up will **design and facilitate activities during Fun Club** for child patients and their siblings. The program is open for children ages 2 years old (potty-trained) and up with lunch included. Most children participating in our summer program are under 10 years old.
