

Keeping families close™

RMH Houston - Holcombe House  
JoyFULL Eats Internship – Outreach Coordinator

---

### **SCHEDULE**

This is an onsite position for Fall 2022. The specific hours will be based on student's availability and agency need.

### **AGENCY MISSION**

Ronald McDonald House Houston (RMHH) offers a *home away from home*, providing care, compassion, and hope to families with seriously ill children being treated in the Texas Medical Center.

### **PROGRAM OVERVIEW**

For RMHH families, consistently eating nutritious meals during their hospital stay can be a huge challenge. We estimate the average cost of a meal for a single adult in the Texas Medical Center is approximately \$12. For a week's worth of meals, that amount can quickly add up to \$250, which is important to note since the average length of stay for our families is 3-6 months. Additionally, the Texas Medical Center area has limited grocery store access and parents have limited space to store more economically priced food options.

For caretakers, the financial burden combined with the thought of leaving their child's bedside to grab a bite to eat can be terrifying. Many caregivers often end up buying snacks at a vending machine or skipping a meal entirely. Through JoyFULL Eats, RMHH's meals program, the organization helps alleviate hunger by mitigating the challenges caregivers face when trying to find quick, healthy food options while their child is receiving care.

### **INTERNSHIP PURPOSE**

Contribute to the growth of the JoyFULL Eats program at all four RMHH locations by providing outreach, donor engagement and administrative support

### **SUPERVISOR**
